Recycled Cotton

There are two types: Pre-consumer is what's left over from manufacturing cotton goods, while post-consumer comes from used T-shirts, towels and upholstery.

We've partnered with 1% For The Planet, donating one percent of EcoSmart® sales to environmental nonprofits. Which means by choosing EcoSmart®, you're helping the planet in more ways than one.

Wheat Straw
You might say it's a "solid" substitute for plastic:
Wheat straw is the rigid, durable stalk left over
after wheat is harvested.

We've partnered with 1% For The Planet, donating one percent of EcoSmart® sales to environmental nonprofits. Which means by choosing EcoSmart®, you're helping the planet in more ways than one.

Do Earth Day The Right Way

Eco-Friendly FAQs

Why Buy Eco-Friendly Products?

Sustainable products reduce the need for single-use plastics and other wasteful materials, resulting in a smaller carbon footprint. (And a healthier planet!)

What Makes Our Products Eco-Friendly?

Each item in our EcoSmart® collection is there for a reason. Some were made from recycled materials or sustainable plastic substitutes. Others use a less wasteful manufacturing process. But they all share one thing in common: They were designed with the planet in mind.

How Does It Help The Environment?

Simply put: Less waste. Imagine a plastic water bottle being thrown into the garbage. Sad, right? But we take that plastic and recycle it to make something useful, like a trendy backpack or a stylish new jacket. With each eco-friendly purchase, you're keeping plastic out of the ocean. And we're also donating 1% of eco sales to nonprofits dedicated to protecting the planet. A win-win for everyone.

Why Is Sustainability The Biggest Trend In Promo?

Aside from the massive variety and standout style, sustainable products are becoming more affordable. Plus it feels nice to do some good. After all, we've only got one planet, and it's our responsibility to protect it.

What About Giving Back?

Glad you asked! One percent of all EcoSmart® sales are donated to environmental nonprofits through a partnership with **1% for the Planet**.

BAGS FROM BOTTLES

Parkland's mission is to inspire others to make sustainable choices by offering products that combine purpose, style and quality at an accessible price. The exterior fabric of all Parkland products is made from 100% recycled water bottles.
